Dear Hiring Manager,

I am writing to express my interest in the Civil Engineer position at ABC Engineering Solutions. With a Bachelor of Science in Civil Engineering and two years of experience as a Civil Engineering Intern, I have developed a solid foundation in civil engineering principles and practices that align with your commitment to delivering innovative infrastructure solutions.

During my internship, I honed my skills in AutoCAD and civil engineering design, where I actively participated in projects that required meticulous site assessments and thorough project management. My attention to detail has been instrumental in ensuring compliance with safety regulations and quality standards throughout the design process.

Collaboration is central to my working style; I have successfully worked alongside architects, contractors, and stakeholders to develop project plans that meet diverse needs while adhering to timelines. Effective communication has enabled me to present detailed reports on project progress clearly, fostering transparency among team members.

As someone who values integrity and innovation—qualities that resonate with ABC Engineering Solutions—I am particularly drawn to your mission of enhancing the built environment sustainably. My analytical thinking allows me to approach problem-solving systematically while adapting proactively to changing project requirements.

I am excited about the opportunity to contribute positively not only through high-quality engineering services but also by supporting community impact initiatives at ABC Engineering Solutions. Thank you for considering my application; I look forward to discussing how I can be an asset to your team.

Sincerely,

Sophia Miller
