Dear Hiring Manager,

I am writing to express my interest in the position of Adjunct Professor at the University of Technology. With a Master of Science in Computer Science and a decade of experience as a Senior Software Engineer, I am excited about the opportunity to contribute to your esteemed institution, which is renowned for its commitment to academic excellence and innovation.

Throughout my career, I have cultivated strong skills in software development, project management, and data analysis. My experiences have honed my ability to communicate complex concepts effectively while fostering an engaging learning environment. I take pride in mentoring colleagues and students alike, promoting collaboration and critical thinking within diverse teams.

At the heart of my working style is a collaborative approach that emphasizes adaptability and effective communication. These qualities enable me to connect with students from varied backgrounds while creating inclusive course materials that resonate with their learning needs. I embrace continuous learning and remain updated on advancements within technology, ensuring that my teaching methodologies are relevant and impactful.

I am particularly drawn to your mission of fostering student success through research integration and community engagement. I am eager to participate actively in departmental initiatives aimed at curriculum development while maintaining open lines of communication with students during office hours.

Thank you for considering my application. I look forward to the opportunity to contribute positively to the academic community at the University of Technology.

Sincerely,
Tao Kim
